

HYDE PARK VILLAGE HOMEOWNERS ASSOCIATION CANDIDATE STATEMENTS

RASHAUD ALBRITTON - I have been on the HPV HOA Board approximately 1.5 years and would like to continue on getting our community where it needs to be.

GABRIEL GRIFFIN – I am a property owner and manager for several properties in Los Angeles and have supported the government as a senior advisor for development projects worth billions of dollars. My goal is to provide support to the needs of the community and quick action related to issues concerning the board.

BENEDICT IDEMUNDIA - I am currently serving as a board member, and we are slowly but surely making progress in repairing and restoring the community. I'd like to continue this work so we can reach our full potential, maximize property values, and make the community a great place to live for everyone.

JUAN MEJIA - Hello, My name is Juan Mejia and I have lived in the Hyde Park community with my wife and son for the last 3 years. In my career as Associate Director of Donor Events at UCLA, I have gained over 15 years of experience working with vendors, budgets, volunteer boards, and various policies. I have experience with the bidding process, negotiating contracts, working with various personalities, and staying on budget for individual events and the department as a whole. All this to present the best possible event and experience for thousands of guests across the country. My hope is to be able to present the best possible version of this building and community by leveraging all my experience along with the others on the board. Coupled with the voices from every person in this community who participates in meetings, we can make meaningful decisions and stick to realistic timelines within budget and policy. I humbly ask for your consideration. Juan Mejia #204

HEWAN MITCHELL - INCUMBENT

NICOLE MORRISON - I am currently serving on the board of directors and investing time and attention into fixing all the issues the association has as a result of past management and neglect. It has been a lot of work this past year and we are still far from complete in the process of bringing this community up to the standards its members, and myself, are expecting. I am happy to run for election again and put in additional time on the board to keep the momentum going and progress moving forward until we achieve our end goals.
