

NARANCA MANOR OWNERS ASSOCIATION

CANDIDATE STATEMENTS

ERIK GUSTAFSON – As a longtime owner and resident of the property, I believe I understand the needs of the community. I've had the opportunity to participate in a number of large-scale projects on the structures, so I have a good understanding of the infrastructure we're maintaining. Having served on the Board for most of my 22 years as an owner, I've helped balance the needs of individual owners and the abilities of the Association—and I think with our new Association Manager, we can move forward with the necessary improvements and upgrades to the property in a prudent manor.

MONICA WILLIAMS – Being a part of the condo HOA board will give me the opportunity to play a crucial role in maintaining and enhancing the living experience for all residents. I want to contribute to the efficient management of shared amenities, resolve issues, and create a harmonious living environment within the condominium community.
